

MAJOR ISSUES FEWER IN 1936 FOR CONGRESS

Session Begins Jan. 3 May Adjourn by End of May

WASHINGTON, Dec. 28.—Congress assembles January 3 for a session expected to be short, snappy and generally devoid of the New Deal legislative novelties that marked previous congressional meetings under the Roosevelt administration.

Unless unanticipated difficulties are encountered, the session is expected to end by late May or early June. The fact that 1936 is election year makes both senators and congressmen anxious to clear up legislative duties promptly.

The legislative session will not, however, be lacking in controversial issues.

Among the measures to receive attention are:

- The soldier bonus. Permanent neutrality legislation. Permanent public works program. Relief. The Townsend plan. Remedial legislation in case of supreme court invalidation of the AAA and other New Deal laws. "Little" NRA proposals for textile, anthracite and possibly other industries. Thirty-hours work bill. Ship subsidy legislation. Changes in housing program. New food and drug regulation. Frazier-Lemke inflation bill. The bonus issue will be the first to come up. Bonus forces probably will center their drive behind the Byrnes-Steiner compromises bonus payment plan. This would permit veterans to change their compensation certificates for bonds, payable immediately in cash or accumulating in value to 1945, when the certificates normally become due.

COAST MAN HELD HITTING WOMAN AND DROVE OFF

UKIAH, Dec. 28.—Charles Allen, Fort Bragg resident, is in the county jail, bound over to the superior court by the justice of peace of the coast city as a result of a hit-and-run accident Saturday night in Fort Bragg, in which Mrs. William Schwartz of that city received a broken leg.

Mrs. Schwartz was crossing the intersection at Main and Redwood when she was hit by the car driven by Allen. She was hurled to the pavement and instead of stopping and rendering aid, Allen stepped on the gas and sped away from the scene. Spectators had a fleeting glimpse of the car.

Fort Bragg police cooperated with Traffic Officer Randolph and a search of the entire town and vicinity was made, but no trace of the car found. Late that night, they found the car stored in Stevenson Motor Company's garage. The car belongs to Chester Mack of Novo and Allen had used it during the afternoon.

Sunday morning Allen gave himself up. He admitted hitting Mrs. Schwartz and said he did not stop because he was afraid.

According to the authorities, he had no driver's license and admitted he had been drinking.

Fruit Packer is Farm Laborer, But Cannery Help Not

SACRAMENTO, Dec. 28.—Persons employed in packing sheds may be considered "agricultural labor" and therefore are exempt from the provisions of the state unemployment insurance act, but those working in canneries, wineries, creameries and meat packing establishments come under the classification of industrial labor and must participate in the insurance program.

The California unemployment reserves commission reached this decision today after a lengthy discussion of the perplexing problem.

Victim's Mother

Mrs. Grace DuBois, 61, was held by Los Angeles police in connection with the slaying of her son, Dr. Charles W. DuBois. She said a stranger accidentally shot him.

J. F. SHRIVER, WELL KNOWN IN COUNTY, PASSES

Was Rancher Fifty Years In This Vicinity

J. F. Shriver, 76, rancher in the Alexander and Dry Creek valley districts of the Healdsburg section for more than fifty years, died at his home in Santa Rosa about 9 o'clock Friday night after several years of ill health. The body was brought to Healdsburg, where funeral arrangements are pending.

Shriver was born in Gallatin, Mo., on November 28, 1859. As a young man he came to California and fifty years back, came to Sonoma county. He was engaged in farming in Alexander and Dry Creek valley up to two years ago when ill health forced his retirement and he went to Santa Rosa to spend the balance of his days.

He was prominent in the Christian church and was a member of Healdsburg Lodge, I.O.O.F. Surviving him is his wife, Mayme Shriver and four foster daughters: Mrs. John Bailhache and Mrs. Martin Hill of Berkeley; Mrs. Harold Comstock, Palo Alto, and Mrs. Rae Griffin, Marysville. Shriver is the last survivor of a large family. His sister, Mrs. Mary Alley died on West Side a couple of weeks previous to his passing.

Funeral services will be held Monday afternoon and burial will be in Oak Mound cemetery, Healdsburg.

ITALIANS GET BEHIND BARBED WIRE DEFENSES

ROME, Dec. 28.—Italians on the extreme southeast front in Ethiopia have erected a line of barbed wire defenses 33 1/2 miles long to frustrate an expected mass attack, press dispatches from Mogadascio, Italian Somaliland said today.

The dispatches revealed that the Ethiopians were massed in great numbers a relatively few miles from the frontier of Italian Somaliland and are on the offensive.

Stores Trying to Agree on Sunday Closing Proposal

Managers and proprietors of local grocery stores and meat markets met at the chamber of commerce office here Friday afternoon to consider united action in closing their places of business on Sundays.

The preponderance of opinion as expressed by those present favored Sunday closing and the matter is now under advisement by those who did not wish to make a full decision at the meeting. It is expected the fate of the move will be determined early next week.

STATE BOARD MAY CHANGE ITS LICENSE POLICY

Will Consult, Rather Than Ignore Local Authorities

Announcement is made from Sacramento that the state board of equalization, which so far has granted liquor licenses inside and outside municipalities to anybody who made application and put up the price, will in the future invite city and county peace officers to make recommendations for denial of applications or revocation of liquor licenses already issued.

If this policy is carried out it will be directly opposite to the policy heretofore followed. Licenses have been granted in spite of vigorous opposition of county and city officers, the board replying that it would grant the licenses and then it would be up to the local authorities to catch the holders in violation of the law before licenses would be taken away.

This has resulted in saturating counties and cities with all sorts of liquor dispensaries, far more than has been necessary to properly serve communities with intoxicants, throwing communities "wide open" despite their protests. It has disgusted ordinarily liberal people with the liquor traffic in California to the point that they have recently been openly advocating overthrow of state control and a return to local option as the only means of self-protection for communities.

It is believed that this change in feeling on all sides has at last brought the state board, which rapidly has gained ascendancy to the point where its jurisdiction is so wide that it is the most powerful governing body in this state, to realize that its stronghold is endangered and it is endeavoring to pacify local interest by ostensibly allowing them a little say in the matter of selection of those licensed to sell liquor.

The workings of the new policy will be viewed closely and critically by a large portion of the people who are practically convinced that state authorities are too remote from local situations to adequately serve in this regard.

LOGAN GUESSES AT LINDBERGH TRAVEL MOTIVE

WASHINGTON, Dec. 28.—Senator M. M. Logan, of the senate judiciary committee, suggested today that the motive for Colonel Charles A. Lindbergh's departure from America might have been to protest against the possibility of clemency being extended to Bruno Richard Hauptmann.

"I think the real reasons for Lindbergh's departure are obscure, although it may have been a move to make an impression on New Jersey authorities," Logan said.

"I doubt if there is much foundation to reports that he believed crime conditions here make it an unsafe country in which to live. Perhaps business was involved."

"I think that the department of justice has an excellent record in kidnaping cases—so good, in fact, that it appears kidnaping is virtually eradicated since the recent wave of it."

National Sports Body Favors The German Olympics

NEW YORK, Dec. 28.—A resolution favoring the United States participation in the Olympic games was passed unanimously today at the National College association convention.

The resolution was adopted without debate. It carried a rider urging all college conferences and other college sports organizations to "contribute liberally" to the Olympic fund.

HOP MARKET IS HIGHER DUE TO FOREIGN BUYING

Proposed Restriction Of Acreage Held As Cause

Pacific coast hop markets were firm and prices paid growers advanced from 1 to 2 cents per pound during the week ended December 24th with an improved foreign demand for United States hops, according to the Weekly Hop Market Review of the United States bureau of agricultural economics. Trading was the most active of any week during the current season with sales in Oregon markets totaling around 6 500 bales and in California about 1,228 bales, according to trade reports. Several carloads were sold in the Yakima Valley of Washington. Trade advices indicated that the sharply improved inquiry reflected the interest of United Kingdom buyers for substantial amounts of United States hops. Domestic demand remained only moderate.

The December 1st estimate placed the total production of United States hops in 1935 at 47,080,000 pounds which includes 11 513,000 pounds that were allowed to go unpicked because the market conditions, labor shortage and poor quality. The production this year exceeded that of 1934 by 5,385,000 pounds and is approximately 19,000,000 pounds above the five-year (1928-1932) average production. The quality of the Washington-Oregon crop is reported as "variable" but the California crop is better than average in quality, excepting in some yards where the hops were allowed to over-ripen. Following is the official estimate of acreage and production:

California hop markets strengthened during the period under review influenced by advances in the Pacific Northwest and an improved demand for the relatively light supplies remaining in growers' hands. Sales of 1935 hops by growers amounted to 1928 bales, the largest for any week during the current season. Prices advanced around 1 cent per pound, early sales being at 8 cents while later trading was at 9 1/2 cent per pound net to grower. Additional bids at the higher levels were being refused by growers toward the close of the week. A possible sharp reduction in California hops acreage during the coming season made for a stronger undertone. Trade reports place holdings of 1935 hops in California growers' hands at 11 845 bales as compared with 27 523 bales of the 1934 crop held at this time last year. Trading was especially active in the Sacramento Valley where an early sale of the week at 9 1/2 cent. Additional bids at this latter price were refused as the week closed. Sonoma county sales of 1935 hops included 97 bales at 8 cents and 406 bales at 9 cents, all of prime quality. Growers were mostly asking 9 1/2 cent and higher as the week ended. A three-year term contract was placed covering 100 bales each for the years 1936 to 1938 at 17c per pound net Sonoma county grower. There was no trading in Mendocino county but growers were asking higher prices because of the stronger tone in other markets.

Worthless Check Puts Son in Same Jail With Father

NAPA, Dec. 28.—Failure of a Napa merchant to report to police a worthless check issued a month ago prevented father and son from passing the Christmas holiday together in the Napa county jail.

Leon C. Stoffal Jr. of Healdsburg was arrested in Napa yesterday by police Chief Eugene Riordan on a charge of issuing checks without funds. He was lodged in the county jail, where his father, L. C. Stoffal Sr., is finishing a six months' term on a similar count.

Father and son met during the afternoon and it was indicated that they'll celebrate New Year's eve together. The elder Stoffal is to be released from custody January 13. The son assertedly issued a worthless check to Louis Zaro, merchant, on November 19.

Indicted Dealer In Army Goods

Joseph Silverman, Jr., millionaire dealer in surplus army supplies, who long evaded news cameras, posed for this exclusive picture while waiting to go before the grand jury in Washington, D. C., where he was indicted in connection with the inquiry into war department contract frauds.

TOWNSEND STILL HOPES TO ELECT NEXT PRESIDENT

SAN FRANCISCO, Dec. 28.—Townsend plan advocates will have "their own president" in the White House after November, 1936, and full control over congress, Dr. Francis E. Townsend, the plan's founder, predicted today as he passed through San Francisco en route to northern California.

"Give us six months more and we'll be ready," Dr. Townsend said. "We are organized in every congressional district in the country."

"In six months we'll be in a position to dictate. Within three years, the Townsend plan will be in operation nationally, including the two years it will take to register the old people."

CONGRESSMEN ARE BEING LINED UP

WASHINGTON, Dec. 28.—Thirty-nine congressmen have signified their intention of voting for the Townsend plan at the coming congressional session, the Townsend weekly, organ of the old age pension movement, will say on Monday.

CLOVERDALE TO HAVE OPENING OF CITY HALL

CLOVERDALE, Dec. 28.—Cloverdale's new city hall will be officially dedicated to public use on New Year's day. Open house will be held during the afternoon, beginning at 2 o'clock. All are invited to inspect the new building and to enjoy a cup of coffee and sandwich prepared by the Women's Improvement club.

The last of the finishing touches are now being put on the building. During the week the city's large safe has been moved from the old city hall to the new and placed in the office of the chief of police and collector of revenue. In the office of the city clerk a commodious fire-proof vault has been built.

Storm Moving In On California

SAN FRANCISCO, Dec. 28.—A storm of moderate intensity, now centering 600 miles off the coast of Oregon, is expected to reach the Pacific coast tonight or tomorrow, leaving heavy rains and snows and cooling temperature in its wake, the weather bureau here today forecasted.

The storm is slowly moving eastward and is destined to reach the Pacific coast sometime tonight or tomorrow, Major Bowie, government meteorologist, predicted.

Storm warnings have been posted along the coast from southern California to the northern coast of Washington.

ITALY MASSES BIG FLEET IN RED SEA AREA

Most Powerful Ever Massed In East Waters

(Copyright, 1935 by United Press)

MASSAUA, Eritrea, Dec. 28.—Italy's Red sea fleet, with a royal commander on the flagship bridge, last night had completed maneuvers which, informed sources said, were designed to make it ready to "face any eventuality."

The fleet was described as the most powerful Italy has ever concentrated in these waters. It was commanded by the Duke of Spoleto, cousin of King Victor Emmanuel.

Lieutenant Colonel Pedro A. Del Valle of the United States Marine Corps, in East Africa as a military observer of the Italo-Ethiopian war, said the maneuvers were carried out with great efficiency. Colonel Del Valle is naval attaché at the American Embassy in Rome.

More than 4000 recruits for the air service have been called out, it was reliably reported in Rome. Of these specialists, over 1000 were said to be machine gunners. Aviation circles simultaneously predicted voluntary enlistment would open shortly for 1000 pilots, who must be blackshirts and have military service records in the classes of 1916 to 1918, inclusive.

Augmentation of the air service followed by one day a report that 13,000 naval specialists had been called back into service.

MILNE SOUGHT PUBLICITY, HE WILL NOW PAY

NEW YORK, Dec. 28.—Caleb J. Milne, IV, who confessed his "kidnapping" was a self-perpetuated hoax, was arraigned today on attempted extortion and ordered held in \$7500 bail.

Milne, who confessed the plot to justice department agents and to New York police early today, was arraigned before U. S. Commissioner Garrett Potter and then was taken to the federal detention house pending arrangements for posting bail.

The formal complaint charged him with writing a letter with intent to extort and causing the letter to be deposited in a U. S. mail box.

The letter was one of the extortion notes which he mailed in an attempt to make the "kidnapping" seem genuine. He resorted to the hoax because he thought it would bring him publicity that would further his ambition in a stage career.

LAVAL WINS IN POLITICAL TEST BY CLOSE VOTE

PARIS, Dec. 28.—Premier Pierre Laval today won the most serious struggle of his political life when the chamber of deputies upheld his foreign policy with a vote of confidence.

The chamber defeated the radical socialist order of the day which criticized Laval's foreign policies by a vote of 296 to 276, thus expressing its confidence in the Laval cabinet and giving him a mandate to continue his government.

The vote followed a masterful defense of his foreign policy by the stocky premier. The crisis had arisen following bitter criticism of Laval's part in the Anglo-French peace negotiations which offered large sections of Ethiopia to Italy.

P. T. A. To Collect Old Newspapers

In order to add funds to the treasury of the Grammar School Parent-Teacher association a drive will be made for old newspapers sometime in February or March. Money from the sale of the papers will be used in buying milk for school children, who have not the means, and for other welfare purposes.

KNIGHT, DRUG ADDICT IS SLAIN AT BUTTE, MONT.

BUTTE, Mont., Dec. 28.—The body of William Henry Knight, 40, ex-convict and suspected slayer of four persons, lays in the Butte morgue today after one of the most intensive manhunts in recent Montana history.

A police bullet ended his three-day crime spree last night at the window of a Butte residence.

While the combined police departments of Butte and Anaconda and state highway patrolmen searched for the fugitive, Knight's craving for drugs revealed his whereabouts, officers said.

The entire police department of Butte and two highway officers raced the fugitive to the home of James P. Gilligan. Firing a team gas barrage ahead of them, the officers entered the house. Knight sought to escape through a rear window. Assistant Chief of Police John Dugan shot him in the head. He died a few hours later.

For Salt Lake and vicinity: Fair tonight and Sunday; colder southwest portion tonight.

German Scenes Recall Days of War

Brilliant in its wartime atmosphere is this striking scene, above, showing high officers of German forces as they appeared in their formal army uniforms and spiked helmets outside the Garrison church in Potsdam.

Job Applications Flood U. S. Offices

WASHINGTON, April 1—(AP)—If the first day's applications are any criterion, recruiting of 250,000 unemployed to carry out President Roosevelt's forest conservation-unemployment program won't take long.

Telephone operators in four departments which share responsibility for the program's administration—war, agriculture, interior and labor—made this discovery.

The action tied up approximately \$1,000,000 in highway projects programmed, but not under contract, in the state.

OGDEN, April 1 (AP)—Pursuant to instructions from Washington, C. N. Woods, assistant district forester, today was asking forest supervisors to report the number of men available for forest work.

Mr. Peterson left Salt Lake by plane Friday evening after Governor Henry H. Blood received a telegram from Secretary of Agriculture Wallace asking that Utah be represented at the conference.

Thousands Will Be Affected by New Regulation

Reduced Rates on Allowances Go in Effect on July 1

EXPLANATION IS GIVEN

President Says No Group Singled Out

WASHINGTON, April 1—President Roosevelt today ordered reductions in veterans' allowances totaling approximately \$400,000,000.

Using the extraordinary power vested in him by the economy act, the chief executive shortly after 1:30 p. m. signed the order.

The reduced rates are effective July 1. Making public the lowered schedules of allowances, the president issued the following statement:

"In connection with the publication today of the regulations having to do with veterans' benefits, I do not want any veteran to feel that he and his comrades are being singled out to make sacrifices.

"On the contrary, I want them to know that the regulations issued are but an integral part of our economy program embracing every department and agency of the government to which everyone is making his or her contribution.

"I ask them to appreciate that not only does their welfare but also the welfare of every American citizen depend upon the maintenance of the credit of the government.

"While it is appreciated that many thousands will be adversely affected," they stated, "no estimate as to exact numbers can be given until the reviews authorized have been accomplished.

"Also that the more seriously disabled war veterans are entitled either to a pension or hospital or domiciliary care."

The new regulations contain almost 30 printed pages. The Hines-Douglas summary disclosed that the rates to be paid for wartime disabilities are for 10 per cent, \$8 monthly; 25 per cent, \$20; 50 per cent, \$40; 75 per cent, \$60, and 100 per cent, \$80.

The White House issued the following explanatory summary of the 13,000-word order:

Regulation No. 1 pertains to the entitlement of pensions and is divided into three parts.

Part 1 of the regulation authorizes the payment of pensions to former members of the military or naval service who are disabled as a result of disease or injury incurred or aggravated in the line of duty in the active military or naval service during the Spanish-American war, the Boxer rebellion, the Philippine insurrection, and/or the world war.

The basic provisions are that the injury or disease must have been contracted or aggravated in the line of duty and without misconduct, in active military or naval service during the Spanish-American war or the world war.

An extension is made as to the date of cessation of hostilities in the cases of certain veterans.

Freight Rate Data Survey Is Ordered

WASHINGTON, April 1 (AP)—The interstate commerce commission today ordered an investigation to determine whether and to what extent reductions in freight rates should be required.

The investigation was ordered after consideration of a petition filed a few days ago by agricultural, coal and lumber organizations.

Veteran Hospital Building Activity Ban Announced

WASHINGTON, April 1 (AP)—Frank T. Hines, veterans' administrator, said today that veterans' hospitals authorized by congress, but on which work has not started, would not be built unless it was shown that the need for them was imperative.

He told reporters this policy applied also to additions to hospitals authorized, but that structures nearing completion would be finished.

He said each construction project would be considered on its merits, but that as general policy, new buildings would not be erected unless vitally needed.

MORGAN GROUP TO BE CALLED

Partners in Banking House Told to Expect Probe Subpenas

WASHINGTON, April 1—J. P. Morgan and other partners in the private banking firm that bears his name have been asked by the senate stock market investigating committee to hold themselves in readiness to respond to subpoena, Ferdinand Pecora, committee counsel, revealed today.

"I would be a waste of time for Morgan & Co. to challenge our authority after this resolution is passed," Pecora said.

"I told John W. Davis, counsel for the firm; Mr. Morgan and Thomas W. Lamont," Pecora said, "that all partners in the firm should hold themselves in readiness to respond to subpoena."

Pecora added that of 23 questions submitted by him to J. P. Morgan & Co., Davis had "refused" to answer one relating to capital structure, reserved decision on seven and complied with the request in the case of fifteen questions.

"I expect about a month will elapse," Pecora said, "before the investigation will reach a point where the committee may proceed with open hearings."

The United Press learned authoritatively today that the inquiry into Morgan & Co. transactions would include the American corporation, railroad holding company of the Van Sweringen brothers of Cleveland.

The committee also intends to inquire into Dillon, Read & Co.'s acquisition and refinancing of the Dodge Bros. motor enterprise.

Winnie Judd Asks For 2-Week Stay

STATE PRISON, Florence, Ariz., April 1 (UP)—Winnie Ruth Judd, under sentence to hang April 21 for the murder of Mrs. Agnes Ann Lerol, today, through her attorney, O. V. Willson, asked the state board of pardons and paroles for a two-week stay so Willson can perfect an appeal.

The request, he said, will be based on asserted irregularities in the jury chamber during deliberation of the condemned woman's guilt.

He charged certain jurors bargained to give her the death penalty in an effort to make her confess the name of her purported accomplice in the crime.

Prejudice on the part of certain jurors also will be charged, Willson said.

CONFERS WITH RAIL MEN WASHINGTON, April 1 (AP)—President Roosevelt went into conference today with representatives of the railroads to talk over his emergency legislation for a federal coordinator.

Secretaries Roper and Perkins joined the president in the meeting in his executive office with the spokesmen of the rail executives and labor and the representatives of investors.

Formal Allegation Filed Before Judge McCarthy of City Court

ENDEL, DUNKLEY NAMED

Premeditated Slaying of Recluse by Pair Asserted

Complaints charging Fred Nobel Endel, alias Henry Reagan, 34, and Shirl Dunkley, alias Art Shirl, 30, with first degree murder in connection with the torture slaying of Mrs. Freda M. Gibson, aged Salt Lake recluse, were signed before City Judge Vere L. McCarthy Saturday by Detective J. Ross Hunsaker.

The complaints allege Endel and Dunkley killed Mrs. Gibson in her home at 160 West Seventh South street Monday night with malice aforethought and premeditated intent to take her life.

In signed statements to police, both admitted planning the robbery of the 75-year-old woman at her home at 160 West Seventh South street Monday night, but each denied the other may have killed the victim.

A decision to ask first degree murder complaints against both Dunkley and Endel was reached Friday afternoon at a conference attended by Chief of Police William L. Payne, District Attorney Calvin W. Rawlings and his assistant, Harley W. Gustaf, Parley Black, deputy county attorney, and Detectives L. F. Wire and J. Ross Hunsaker.

Dunkley, after denying knowledge of the slaying or its circumstances, admitted Friday afternoon, according to police, that he planned the robbery with Endel, but placed the blame on the latter.

ALIBI SHATTERED

His asserted admission followed the shattering of his alibi that he spent Monday evening at 757 South Main street in company of J. J. Keough and a girl. The latter two, in signed statements to police, said that Shirl did not arrive at that address until midnight.

Endel admitted Friday afternoon, police said, that he saw Mrs. Gibson lying on the kitchen floor of the home while he was ransacking the place. Previously he claimed, police said, that he and Dunkley ransacked the house, but maintained he did not see the woman.

Dunkley's statement, according to police, said that they planned to go to the house and rob Mrs. Gibson of \$5000 they believed she had hidden. Dunkley, his asserted admission said, was to go to the home first and get Mrs. Gibson "out of the way," as it was feared she would recognize Endel, a former tenant of an adjacent house.

LOST HIS NERVE

Dunkley assertedly admitted going to the house, but lost his nerve after talking with her regarding renting the property next door. Then he assertedly met Endel both went to the home, but Dunkley refused to enter, according to his statement.

Dunkley then went uptown, wandered about aimlessly, returning to his home about midnight, his statement said.

From the point when the two met their stories fall to jibe, police said. Endel's statement said Dunkley informed him he had bound Mrs. Gibson and that they then went to the home and ransacked it.

They heard Mrs. Gibson moving, according to the purported confession of Endel, and Dunkley bound her more securely.

When the two faced each other Friday (Continued on Page Two)

Aimee Reported to Be in Good Health

NAPLES, April 1 (UP)—Aimee Semple MacPherson arrived today on her way to the Holy Land, in perfect health.

The Los Angeles evangelist drove to her hotel and was registered under another name, explaining that she wished to conceal her identity to avoid publicity. She will sail Saturday for the Holy Land.

Aimee Semple MacPherson was said by associates in Los Angeles yesterday to be seriously ill abroad.

BOYCOTT PLANS MAPPED AT GENEVA

Long's Aide Charges District Attorney With Plot

CLASH OCCURS AS CORONER REOPENS LOUISIANA PROBE

Sm Gives Reviled Reply As Assails Heat. Smith As Malicious Liar

DRAMATIC SCENES TAKE PLACE AT INVESTIGATION

Doctor Declares Kingfish Had Fresh Cut On Mouth Upon Reaching Hospital

BATON ROUGE, La., Sept. 15.—(AP)—Eye witness accounts of the slaying of Senator Huey P. Long by Dr. Carl A. Weiss, 23-year-old Baton Rouge eye specialist, today brought statements that Senator Long had a cut mouth when he was brought to the hospital with a bullet wound in his abdomen and that Weiss was killed by a fusillade of pistol fire from Long's bodyguards.

After the testimony the coroner's jury handed down this verdict:

"Dr. Carl A. Weiss came to his death as the result of pistol wounds of the head, chest and abdomen (homicidal)."

Coroner T. B. Hied added: "That's all." Last week the same jury held Senator Huey P. Long came to his death as a result of a gunshot wound (homicidal)."

BATON ROUGE, La., Sept. 15.—(AP)—Testimony that Senator Huey P. Long's mouth bore a fresh cut when he reached the hospital with a bullet wound in his side the night Dr. Carl A. Weiss was shot in the state home as his slayer, today threw the coroner's investigation into a furor and led to many conjectures over what happened the night of the tragedy.

Dr. W. A. Cook, of Baton Rouge, one of the physicians who attended the senator, said it looked like a fresh abrasion but it was not bleeding. He said he did not know what caused it.

On cross examination by Attorney General Gaston L. Porter, Dr. Cook said it could have been caused by any contact with a hard surface. The attorney general advanced the opinion the senator had bruised his mouth when he stumbled down the stairs.

Charles Plot Dr. Cook's testimony came after the Rev. Gerald L. K. Smith, national organizer of the "Share-the-wealth" societies, had dramatically charged that District Attorney John Fred Odum, conducting the investigation, was a plotter against the life of Senator Long and that he would not be questioned by him.

The district attorney leaped to his feet and in a modulated tone said: "Anybody who says I was in any plot to kill Senator Long is a wretch, malicious and deliberate."

Approval Of Cash Bonus Predicted By Van Zandt

V.F.W. Commander Strikes Keynote Of Peace As Organization Opens Annual Encampment At New Orleans

NEW ORLEANS, Sept. 15.—(AP)—Commander in Chief James E. Van Zandt struck a keynote of peace at the opening session today of the 36th annual encampment of U. S. Veterans of Foreign Wars, predicted early enactment of the soldier's bonus and told his comrades "definite progress" had been made during the past year toward attainment of the organization's seven-point program.

"During the past year," said Commander Van Zandt, "we have concentrated our efforts in support of a seven-point program. I am happy and proud to be able to report that within just the space of one year we have made definite progress toward the attainment of each of these seven points."

"The first three points of our program were properly devoted to the cause of veteran welfare and the dependents of those comrades who are either deceased or disabled. In regard to the subject of immediate cash payment of adjusted service certificates, the so-called bonus question, it is hardly necessary at this moment to review our fight for this objective during the last session of Congress."

VESSELS OF WAR SLIP QUIETLY OUT OF BRITISH PORT

Bulk Of Fleet Missing From Portland, Believed On Way To Mediterranean

PORTLAND, England, Sept. 15.—The bulk of Great Britain's home fleet has disappeared from here on the eve of its scheduled maneuvers off Scotland. Although no officials would discuss the present location, the street talk is that these ships are steaming for the Mediterranean.

Previous admiralty announcements said the home fleet was assembling here in preparation for autumn maneuvers, but tonight the visible supply of warships on hand appeared to consist of three battleships, one cruiser, 15 obsolete World War warships, and miscellaneous non-fighting and supply ships although the normal strength of the home fleet is about 59 fighting vessels.

The strength of the British navy here is represented by the battleships Rodney, Nelson, and Royal Sovereign, the cruiser Cairo, and destroyers, or which many are listed by the admiralty as on the reserve list.

The harbor Roadstead swarmed with ships until last week when they began to disappear. On Saturday night, five ships, led by the great battle cruiser Hood, steamed out immediately to the naval base had rounded up all sailors and officers in Portland and ordered them to board their ships.

All the admiralty would say was that the missing ships probably had left for exercises. However, residents of this naval center have noted many ships normally assigned to the home fleet are now in the Mediterranean and they said they believed the others were on their way there.

AUTHORITIES ADOPT POLICY OF RETIANCE GIBRALTAR, Sept. 15.—(AP)—British naval authorities adopted a policy of reticence today concerning movements of British warships in this vicinity.

Boon defenses have been fired across the northern entrance to Admiralty Harbor. The battleship Australia arrived from Plymouth and sailed today for an undisclosed destination. The cruiser Ajax and the destroyer Foxhound also arrived unexpectedly as did the destroyers Firecracker, Firebrand, Fame, Fearless and Fortune.

COURT ASKED BY U. S. NOT TO ACT ON GUFFEY SUIT

Attorneys Urge Dismissal Of First Legal Challenge On Coal Measure

WASHINGTON, Sept. 15.—(AP)—District of Columbia District Court today in District of Columbia Supreme Court on the ground it was premature.

The case, attacking the constitutionality of recently enacted bill to set up a "little NRA" for the bituminous industry, was brought by James W. Carter, a Southern West Virginia producer.

Attorneys urged dismissal of the first legal challenge on coal measure. The case, attacking the constitutionality of recently enacted bill to set up a "little NRA" for the bituminous industry, was brought by James W. Carter, a Southern West Virginia producer.

HAILE SELASSIE LIKELY TO ISSUE WAR CALL SOON

Italian Soldiers Indulge In Spectacular Practice But Fail To Upset Blacks

ADDIS ABABA, Sept. 15.—(AP)—Friends of Emperor Haile Selassie said tonight that he may be obliged soon to proclaim a nation-wide mobilization unless the League of Nations finds some way of saving the situation.

This information came as dispatches were received from Abusa saying the Italian army was practicing in heavy artillery practice, flame throwing, and other spectacular types or war practices in other parts of the frontier from the other side of the frontier from Britera.

The dispatches reported that the tribes remained undisturbed in their positions. Some of the emperor's advisers were reported to favor immediate mobilization as a precautionary measure because, owing to the continued heavy rain and the resultant bad condition of roads, it would require several weeks for some of the Ethiopian forces to reach the front.

FOUR DROWNED NEW YORK, Sept. 15.—(AP)—Four members of the crew of the "Tulip", lighthouse tender, drowned today when a small boat in which they were taking supplies to the lighthouse Roamer capsized in lower New York harbor.

PAIR FREED ON BOND IN PROBE OF ACTRESS' DEATH

Mystery surrounding the death of Evelyn Huey, musical comedy actress, is expected to be solved by evidence presented at the approaching inquest, with clues strongly pointing to suicide.

shown, left and right in the right picture, as they left West Chester, Pa., jail. No charges stood against them, but they were required to post bond to appear at the inquest, after being detained on suspicion of murder.

DETECTIVE GETS SIX MONTHS ON PERJURY COUNT

Noel C. Scaffa Sentenced By Federal Judge In Case At New York

NEW YORK, Sept. 15.—(AP)—Noel C. Scaffa, convicted of perjury before a federal jury in connection with the return of Jewish stolen in Miami last winter from Mrs. Harry Content, was sentenced today by Federal Judge Carroll C. Hincks to serve six months in prison.

The indictment against Scaffa, a private detective, was based on his testimony before a federal grand jury concerning his part in the return of the jewels to Mrs. Content, the former Mrs. Margaret Bell, a dancer.

Execution of the sentence was deferred for two weeks on the motion of former United States Attorney George Z. Medalle, the defense counsel, to permit Scaffa to arrange his business affairs.

Under the terms of the act, the act provides that the industry charge enough for its coal to cover cost of production and a reasonable profit.

BOXER CONDEMNED TO DIE LONDON, Sept. 15.—(AP)—Raymond Boscutt, Wimbledon boxer, whose ring name is Del Pontaine, today was sentenced to be hanged for the murder of Hilda Meeks, 21.

Line To Key West May Be Abandoned

JACKSONVILLE, Fla., Sept. 15.—(AP)—The courts must decide whether "the train that goes out to sea" is ever to run again into the island city of Key West, which the Labor Day hurricane isolated from the United States mainland.

The Florida East Coast Railway, operator of the overseas line, is in the hands of receivers. Scott M. Loftin of Jacksonville, said he and the other receiver, William R. Keenan of New York, are no more than agents of the court which appointed them.

From various sections since the storm have come speculations as to the reconstruction or abandonment of the line over the Florida Keys.

Henry Flagler started the country with the announcement early in this century that he intended to build a railroad across the tiny islands into Key West. His crews worked seven years and nine months on the project, completing it in 1912, when Flagler was 82 years old. Its cost was estimated at \$20,000,000.

Loftin said the company would file a complete report on storm damage with U. S. District Judge Louis W. Scrump.

"Then it will be simply a matter of waiting for instructions from the court," he explained.

PAPER MILL REMAINS IDLE DUE TO STRIKE Closed Saturday at midnight by a strike of union employes, the big plant of the Gulf States Paper Corporation near here remained idle today.

CITY BALLOTING DUE TO EXCEED TOTAL OF 2,000

Voting Is 37 Per Cent Faster Than Last Year; Reaches 1,045 At 2 O'Clock

Prospects for the total vote in today's city election, passing far beyond the 2,000 mark, brightened considerably this afternoon when a two o'clock count at the two polling places showed that more than 1,000 votes had already been cast.

The two o'clock total was 37 per cent ahead of last year's total at this hour in the two-man race for a Commission seat. Comparison of the 1934 and 1935 two o'clock totals, by boxes, showed the following:

Table with 2 columns: Box No. and Total. Box No. 1: 342, 435. Box No. 2: 327, 610. Two o'clock totals: 769, 1045.

Absentee ballots already returned number 120 with some 27 of the ballots not yet received for counting. All ballots which are returned by 6 o'clock will be counted.

Members of this committee met this morning at the courthouse and mutually agreed not to start the absentee vote count until 4 o'clock this afternoon.

Today's balloting is to fill the position of president of the Commission Board for a two-year term. Next year one commissioner will be elected for a one-year term. In 1937 all terms will expire and the entire board will be chosen in a single election.

ECONOMIC ACTION VIEWED LIKELY IF DUCE STARTS WAR

Idea Taken Up By Members Of League After Britain Makes Suggestion

SMALL COUNTRIES WARN AGAINST AFRICAN DRIVE

Panama, Irish Free State And Haiti Voices Self As Opposed To Conquest

GENEVA, Sept. 15.—(AP)—Reliable sources disclosed tonight that a preliminary plan for an economic boycott against Italy in case that nation should launch an unprovoked war was being worked out among certain members of the League of Nations.

This disclosure came after a day in the League assembly in which Poland had snubbed Soviet Russia—her delegates walking out on a speech by Maxim Litvinoff, Russian foreign commissioner—and in which Panama, the Irish Free State and Haiti voices self as opposed to conquest.

The sources in question said the British delegation to the League had suggested the idea of a general economic blockade against Italy in case she attacks Ethiopia and the plan for such a blockade has already been provisionally mapped out.

The suggestion, regarded as a preliminary and precautionary project, was understood to be a sequel to the pledge given by Premier Laval of France that, if the worst came to the worst, France, loyal to the League covenant, would be disposed to participate in collective economic and financial sanctions.

French circles described the policy of France in the present emergency as based upon a desire to limit as much as possible the scope of any measure by restraint which might be justified against Italy.

It was stated that the project, as elaborated, partakes particularly of the nature of a commercial boycott under which the nations would pledge themselves to neither sell nor buy anything from Italy.

Those close to the negotiations cautioned that the suggested protective boycott should not be considered tantamount to an economic blockade since, it was explained, the word "blockade" immediately suggests the use of war ships to enforce it. The British delegation authorizes the following statement:

"The British and French governments have had from time to time conversations concerning what action might be pursued in the event of certain things happening. But the British government has made no definite proposals."

League Warned Panama, Haiti and the Irish Free State urged the League of Nations today to fulfill its responsibilities in the Italo-Ethiopian dispute.

RAINEY FIGHTS BEER BAN IN CAPITOL

ENVOY'S DAUGHTER A QUEEN

MISS FRANCOISE MAY ANNOUNCEMENT was made today that Miss Françoise May, daughter of the Belgian Ambassador to the United States and Mrs. Paul May, has accepted the invitation to be Queen Shenandoah X of the Shenandoah Apple Blossom Festival, to be held in Winchester, Va., about May 1. Photo by Underwood & Underwood.

BELGIAN G R L APPLE-QUEEN

WINCHESTER, Va., April 1. Belgium this year will give one of its most distinguished daughters to reign as Queen of the Shenandoah Apple Blossom Festival here some time early next month. Queen Shenandoah X will be Miss Françoise May, daughter of the Belgian ambassador to the United States and Mrs. Paul May. This marks the second time in three years that the fête organization has selected a queen from across the Atlantic, the last one having come from Winchester, England. Miss May came to this country about five years ago to study. Her father was appointed ambassador two years ago and since that time she has lived in Washington. Several members of the diplomatic corps have been invited to attend the festival. Queen Shenandoah X will be crowned on the first day of the festival, Her princesses are being selected from fashionable schools in Maryland, Virginia, and the District of Columbia.

Roosevelt Pool Ready May 5, Says Grant

President Roosevelt will take his first plunge in the new White House swimming pool on May 5, Lieut. Col. U. S. Grant today predicted. The pool contractor will be named by Colonel Grant next Friday and the project will require no more than 30 days. Raymond M. Hood, Godley and Foulhoux Company of New York will collaborate on the plans and P. J. Crandell, of New York, will be consultant engineer.

CROSBY TO HEAD BANK IN TEXAS

Maj. Gen. Herbert B. Crosby, who has resigned as District Commissioner, has decided to become a bank president. An offer to become head of the National Bank of Port San Houston, of San Antonio, Tex., has been accepted by General Crosby, friends here said today. He will enter upon his new duties in a few months. Although his resignation has been accepted by President Roosevelt, General Crosby at the request of the White House is serving as Commissioner until his successor is appointed. During his career in the Army he was never stationed at the Army post in San Antonio, many of the officers of which are clients of the bank. Officials of the bank, after deciding to choose a new president, recently sent a representative to this city who offered the position to General Crosby.

Roosevelt Slashes Payments To Veterans SCORE OF APARTMENTS CUT RENTS

PAID AN OFFSET TO SALARY SLASHES

Agents, Landlords Advising Tenants of New Schedule; Free Gas, Light for Some

A score or more large apartment houses notified tenants of substantial reductions in rents effective today, a survey of the leading real estate offices revealed. The reductions averaged 7 per cent, being based on the difference in the pay out of Government employes under the old and the new pay slashes. Some real estate offices announced that instead of rent reductions the offices were taking over the gas and electric bills of tenants and hereafter would rent apartments with these services free.

Schedules Studied

Other offices announced that rent schedules of apartment buildings were being studied with a view to reducing rents later in the month. A few of the offices announced that gradual reductions had been made since last summer and the only ones being affected now were in individual cases. Following up a promise to the citizens of Washington to take their rent complaints to President Roosevelt, Senator Arthur Capper, chairman of the Senate District rent committee, announced today that he will hold a meeting of his committee next week. Senator Capper said last night at a mass meeting to protest Government high rents, that he will lay the matter before President Roosevelt within a week and ask him to support a legislative program of housing reform. More than 2,000 persons attended the meeting at McKinley High School.

Legislation Drafted

The Senator, who was given the unusual distinction of a chairmanship despite the fact that he is a Republican, said he will under way to force rent reductions in Washington. Legislation will be drafted by (Continued on Page 2, Col. 4)

Girl, 19, Disappears; Family Asks Search

Miss Elizabeth Adams, 19, who vanished from her home in the 100 block Eleventh St. N. E. and is 5 feet 4 inches tall, 110 pounds in weight, blue eyes and brown hair, and wore a brown coat, brown tailored suit and brown shoes when last seen.

Roosevelt Slashes Vet Benefits

President Roosevelt today signed regulations which, effective July 1, will slash war veterans' allowances drastically all along the line. "It can be said, however, that all men who acquired their disabilities in the military or naval service and the dependents of those who died of such disabilities are adequately cared for. Also that the more seriously disabled war veterans are entitled to either a pension or hospital or domiciliary care."

Those who have been drawing Treasury money for disabilities incurred and diseases contracted outside of military service are eliminated under the new set-up. New Rates. New rates to be paid for war-time disabilities received in line of duty are: Ten per cent disability, \$8 a month; 25 per cent, \$20; 50 per cent, \$40; 75 per cent, \$60, and 100 per cent, \$86.

WOODCOCK PUT ON NEW JOB

Col. Amos W. W. Woodcock, who resigned as director of prohibition has been appointed as special assistant to Attorney General Cummings, the Justice Department announced today. Major A. V. Dalrymple, of California, was sworn in as prohibition director while Woodcock took the oath of special assistant. It was understood that Woodcock would not remain permanently with the department, but that he was appointed for some special work contemplated by the Attorney General.

Writ Ties Up \$18,000 Pensions for Insult

CHICAGO, April 1 (I.N.S.). Payment of the \$18,000 monthly pensions which three utility companies have been paying Samuel Insull was tied up today by a writ of attachment obtained by James P. O'Grady, who had invested \$22,000 in Insull Utility Investments, Inc.

NAZI BOYCOTT NAZI TRADE IN GERMANY

Patrons Barred From Jewish Shops; Pickets on Duty at Proscribed Shops

BERLIN, April 1 (I.N.S.). The Nazi boycott against 600,000 Jews throughout Germany, launched this morning, was pronounced a huge success by Nazi leaders late this afternoon.

Reports to party headquarters indicated general observance everywhere. No serious disorders of any kind were reported. Speaking at a gigantic mass meeting in the Lustgarten, Dr. Paul Joseph Goebbels, minister of propaganda in the Hitler cabinet, acclaimed the success of the movement, whose purpose was to halt anti-German demonstrations abroad.

WOODCOCK PUT ON NEW JOB

Col. Amos W. W. Woodcock, who resigned as director of prohibition has been appointed as special assistant to Attorney General Cummings, the Justice Department announced today. Major A. V. Dalrymple, of California, was sworn in as prohibition director while Woodcock took the oath of special assistant. It was understood that Woodcock would not remain permanently with the department, but that he was appointed for some special work contemplated by the Attorney General.

THUGS SHOOT 4, KILLING 3

LACROSSE, Va., April 1 (I.N.S.).—Three men shot to death and a fourth fatally wounded when robbers broke into a day wagon here early today. The robbers escaped with several hundred dollars.

WEDS DIPLOMAT

FELICIDAD BORRAS THIS YOUNG Washington woman was married in New York to Don Fernando Gonzales Arnao, former First Secretary of the Spanish Embassy and now Minister to San Salvador, according to word received here.

Spanish Envoy to Salvador Weds Washington Girl

Don Fernando Gonzales Arnao, well known in the Capital's Diplomatic circles and at present Spanish minister to San Salvador, and Miss Felicidad Borrás, sister of Peter Borrás, local restaurateur, were married in San Salvador, Wednesday, it was revealed here today. The diplomat was stationed here as first secretary of the Spanish embassy in 1929 and 1930. It was there that he met Miss Borrás, who was a secretary at the embassy. Upon leaving Washington in 1930, the diplomat was assigned as Spanish minister to Ecuador and took Miss Borrás to Quito, the capital, as his secretary. But she soon tired of absence from home and, in possession of her own revenues, it is reported, the ban on them was placed largely through the efforts of hotel employees, organizations, according to reports. The hotel employees feared that such sales would encroach upon the income of regular waiters. The House will be asked to accept a Senate amendment (Continued on Page 2, Col. 7)

PLEADS GUILTY; FINED

After pleading guilty to transportation and possession of liquor, Arthur Bannister, colored, of the 200 block N. St. S. W., was fined \$50 and costs in police court at 10 p.m. Marlboro yesterday.

Auto Sales Barred

When the Senate approved an amendment yesterday to prevent the sale of beer in parked automobiles at barbecue stands it precluded any further attempts to authorize distribution from such establishments. The House had already barred sale at automobile stands.

Lethal Gas to Kill Colorado Criminals

DENVER, Col., April 1 (I.N.S.). Lethal gas will be used in Colorado executions in the future, as a result of legislation which today bore the signature of Gov. Ed C. Johnson. Five men now in the "death house" at the penitentiary at Canon City will be hanged, however, as the measure is not retroactive.

THE WEATHER

Cloudy and colder tonight; generally fair and somewhat colder Sunday; moderate westerly winds. Temperature yesterday—Highest, 65; lowest, 45. (1932—Highest, 61; lowest, 39.) Humidity yesterday—Highest, 93; lowest, 74. Full Weather Report on Page 2.

RAINEY NOT TO ACCEPT BEER BAN IN CAPITOL

Promises House Will Reject Amendment; Conference on Monday to See Fight

Members of the House District Committee today were deluged with requests to modify the District beer bill as it passed the Senate yesterday. The measure is due to come on the House floor Monday, at which time conferees will be appointed. The House will reject the Senate amendment forbidding sale of the 3.2 per cent beverage in Government buildings, Speaker Rainey declared today. He said: "I see no reason why we forbid the sale in Government buildings of a beverage declared non-intoxicating."

Principal objections to the measure as it passed the Senate are: 1. Restrictions that restaurants in the past six months have their operation six months before being able to obtain licenses. 2. Exclusion of drug stores from sale of amber fluid. Restaurant proprietors who have opened up in Washington within the past six months have their objection on the declaration that when they organized they had no license. Drug store proprietors objected to being excluded on the basis that they would not be called on to sell beer to children, claiming that most children would prefer a sweet drink or iced cream.

Permits to be Rushed. With less than a week remaining before the sale of 3.2 per cent beverages is permitted, it will be necessary for municipal authorities to work night and day to issue licenses by April 7 after legislative provisions are agreed to by Congress. Unless permits are granted the District at the zero hour of 12:01 a. m. on April 7.

HAUPTMANN LOSES IN SUPREME COURT

MOVE TO BREAK PARLEY ON NEW NRA IS SPIKED

"Liar" Hurlled as Berry Prohibits Talks at Conference

DEFIES CHALLENGER TO 'COME AND FIGHT'

Orders Industrialists and Labor to Get Together at Round Tables

(By The Associated Press)
Washington, Dec. 9.—Shouted charges of "liar" between industry and government spokesmen today gave a tumultuous opening to the business conference summoned by George L. Berry, President Roosevelt's co-ordinator for industrial co-operation.

As more than 2,000 industry-labor representatives milled about in the large Commerce Department auditorium, John W. O'Leary, former president of the Chamber of Commerce of the United States and head of the Machinery & Allied Products Institute, sought to obtain recognition.

Berry, in an iron-handed decision, refused to give O'Leary the floor. The same treatment was accorded other industrial representatives seeking to prolong the meeting with speeches after Berry concluded his opening address.

Then A. P. Haake of Chicago, who said he represented the National Furniture Manufacturers' Association, leaped from his chair and demanded recognition.

After he had been advised to do his talking before a round table conference, he demanded "the right of an American citizen," to talk immediately.

Can't Dynamite Meeting
"You know that you were sent here to dynamite this meeting and I'm not going to let you do it," Berry said quietly from the platform.

"You're an unqualified liar," Haake roared back.

"You're another, and if you come up here I'll make you eat it, eat it, eat it," Berry retorted.

The confusion resulting from the delegates leaving the hall and roars of "Sit down" from the labor delegation stopped any further exchange. Berry stayed on the platform and Haake on the floor.

The confusion lessened somewhat as numbers of the delegates withdrew for round-table discussion scheduled to proceed after Berry's address telling the delegates the conference was in their hands.

Steel Not Represented
Just before the opening of the National Lumber Manufacturers' Association joined six other industrial groups in declining to participate.

The six other major industrial groups without official delegates to the sessions are steel, retail dry goods, cotton textiles, automobiles, shoes and electrical goods. Individuals from some of these groups, however, came to Washington.

Berry's office announced the session as "the largest industry conference in the nation's history" and representatives of investors, management and labor, to discuss how government co-operation can be most effective in solving the urgent problems of unemployment, taxation, and stabilization of prosperity.

The voluntary nature of business attendance was stressed by the co-ordinator, but several trade associations advised clients to sit in simply to protect their interests, so that a program in which they had no part could not be said to reflect their opinions.

Fly to Swedish Santa Claus

Because she was homesick and wished to reach her Swedish home by Christmas, Mrs. Oesie Drimmer, aged 28, climaxed a hurried trip from Los Angeles by chartering an amphibian plane at Newark to fly her to the liner Gripsholm which she missed in New York. She is shown entering the plane, with her 21-month-old son.—(Central Press Photo.)

SAWYER QUILTS GOVERNOR RACE

Withdraws as Davey Opponent in May Primary

GIVES HIS REASON AS "VERY PERSONAL"

Mosier and Young Pushed Into Limelight as Likely Candidates

(By The Associated Press)
Cincinnati, Dec. 9.—Charles Sawyer was out of the race today as an opponent of Governor Davey in the May primary.

Sawyer, in a 72-word statement, issued at his suburban Glendale home last night, said his decision was governed alone by "unexpected reasons of a very personal nature."

In an interview he added: "It has nothing to do with politics or anybody."

For the time being, Davey thus was assured of a clear field, and indications of a bitter primary struggle were sidestepped. Davey announced his decision to seek re-election in a speech 10 days ago in his home city of Kent.

Mosier and Young Sorry
Sawyer's decision had been made publicly, however, than the names of Lieut. Gov. Harold G. Mosier and Congressman-at-Large Stephen M. Young, both of Cleveland, were projected as possible contestants against Davey.

Neither, however, indicated his intentions. Both expressed regret at Sawyer's move.

Governor Davey, who made no comment when Sawyer announced his decision to run two weeks ago today, was silent. In his Kent speech, Davey accused Senator Robert J. Hankley, Democrat, O., of placing a "bullet-picked" candidate in the field against him, but did not name (Continued on Page 5, Column 4)

Women's Club Leaders Back Voting Machines for County

Say Devices Simplify Voting, Speed Up Results, Remove Suspicion of "Crookedness"

Aroused over constantly recurring errors in county and city elections, Youngstown's leading club women used stronger language than most men in giving wholehearted backing to the move for voting machines.

The returns from a questionnaire sent to presidents of women's clubs contained emphatic statements of "crookedness" and "dishonesty."

Yeggs Crack Safe But Find It Empty

Yeggs cracked the safe of the Julian Baking Co., 123 N. Hine St., Saturday evening, only to find it empty of money. The safe was "drifted" after it was hauled from the place. Several dollars in change were taken from a cash register.

Alfonso Julien told police the thieves broke the glass in a rear door. The safe, with various papers, was found nearby.

Other robberies Saturday night included the theft of several dollars from vending machines at the Elm Beer Garden, 605 Elm St., and \$3 worth of candy from the Makoff Grocery, 1368 Oak Hill Ave.

U. S. TAKES LEAD IN MOVE TO CUT WORLD'S NAVIES

Urges 20 Per Cent Reduction in Treaty Tonnage

JAPAN STANDS FIRM IN DEMANDING BOOST

Baldwin Opens Meet with Plea Against World Naval Race

(Copyright, 1935 by The Associated Press)
London, Dec. 9.—The United States took the lead in the international naval conference today, advocating a 20 per cent reduction in existing naval treaty tonnage.

Japan, however, immediately rejected the plan. Before a full dress gathering of diplomats and admirals of five sea powers with 1,500 warships, meeting in the historic Locarno room of the London foreign office, Norman H. Davis presented President Roosevelt's suggestion for progressive reduction of sea armaments.

If no reduction was possible, President Roosevelt recommended strongly continuance of present fleet limitations.

Falling all else, Davis, chief of the American delegation, advocated a "frank and friendly exchange of views to discover other paths of mutual understanding, to prevent a naval race."

Prime Minister Stanley Baldwin, calling upon principal sea powers to yield some of their demands in an attempt to "avert the calamity of an unrestricted naval competition."

The American exposition preceded statements of the positions of other delegation chiefs.

The chief Japanese delegate, Admiral Oseami Nagano, followed with a request for a "just and fair agreement" (Continued on Page 6, Col. 6)

TORCH SLAYER TRIAL OPENS

Begin Selecting Jurils Jury—Warren Court Room Crowded

(By H. B. SANDERSON)
Warren, Dec. 9.—Attorneys began selecting a jury for the trial of Ray Jutilla, aged 29, charged with the torch murder of Mrs. James P. Tobin, agent 30.

A venire of 75 has been called. Jutilla was indicted on three first-degree murder counts and the state is demanding the electric chair.

The court session did not begin until 11:20, as attorneys for Jutilla conferred for over two hours with the defendant, his wife, his parents, and aunt, as to whether they would ask trial before three judges or a jury.

Selection of a jury was expected to require today and most of Tuesday morning.

A court room crowd filled every seat and stood at the back and sides of the room as deputy sheriffs stood guard.

One juror, John P. Jones, of Weathersfield Township, was tentatively seated when court adjourned for the noon recess. The first two prospective jurors examined were excused, one because he had formed an opinion and the other on objection to capital punishment. Nineteen others of a panel of 75 had been excused before court opened because of illness or agreement of counsel.

Mrs. Tobin's body was found, half burned, on a blazing bed in her Front St. home at 9 15 p. m. last May 23, when firemen answered a call to the house.

Emotional insanity will be the defense offered by Attorney Jay Buchwalter.

The first degree murder indictment drawn by Prosecutor George W. Seccombe has three counts—deliberate and premeditated murder, murder in the commission of rape, and murder in the commission of arson. Any of them carries the death penalty.

Jutilla confessed, according to police, that he beat Mrs. Tobin, then assaulted her and set her bed afire while she lay on it unconscious or dead.

Shot While Hunting, Man May Lose an Eye
Domiano Briceolo, aged about 40, of R. F. D. No. 1, Hubbard, was reported in "fairly good" condition this morning at St. Elizabeth's hospital, after he was shot in the left eye while rabbit hunting Saturday.

Mr. Briceolo was hunting with a party of five or six men when the shooting occurred. The attending physician said today that it is impossible to say yet whether Briceolo will lose the sight of his eye.

Single Word, "Denied," Seals Kidnaper's Fate

(By JAMES W. DOUTHAT)
(Associated Press Staff Writer)
Washington, Dec. 9.—Almost the last avenue of escape from electrocution was closed to Bruno Richard Hauptmann today when the Supreme Court refused to review his conviction of kidnaping and murdering the Lindbergh baby.

In an atmosphere a quiver with the prospect of arguments about to begin over the AAA, the court made known its decision through the one word—"denied."

Olympic Boycott Beaten In Fiery A. A. U. Battle

Compromise Adopted as Anti-Nazis Lose Fight to Bar Athletes from Berlin—Association President Resigns

(Associated Press Sports Writer)
New York, Dec. 9.—The Amateur Athletic Union of the United States emerged today from the bitterest battle of its 47-year history, on record as supporting full American participation in the 1936 Olympic Games in Germany, but with the war by no means ended.

Although irrevocably pledged to go through with the American Olympic program, the A. A. U. nevertheless remained split wide open by an issue that is still very much alive, stirred by religious as well as racial controversy. It threatens to curtail sharply this country's part in the 11th Olympiad.

Proof was promptly forthcoming that neither oratorical guns nor ballots killed off the main issue yesterday, when the closing session of the A. A. U. convention turned down 84% to 16% a compromise proposal to send a fact-finding commission of three men to Germany before going ahead with American plans to compete.

Subsequent unopposed adoption of a resolution supporting the Olympics, qualified only by a strong denunciation of the Nazi government's athletic policies, merely widened the breach within the ranks of the A. A. U. delegates.

Jeremiah T. Mahoney of New York, who yielded the A. A. U. presidency to Avery Brundage of Chicago, head of the American Olympic committee, after witnessing the defeat of all his (Continued on Page 2, Col. 6)

GUARD MOTHER AS BABE DIES

Policewomen on Duty at Home as Poison Kills Infant

Police today are holding Mrs. Alex Kowalewski, aged 19, of 437 E. Pasadena Ave., at her home after her four-day-old son died yesterday from poison allegedly given by the mother.

Policewomen Lenore Martin and Nora Welch have been on guard at the mother's home since Dr. D. H. Hauser, county coroner, returned a verdict of second degree murder late yesterday. The baby died at the South Side unit of the Youngstown Hospital at 10 a. m. A formal charge is to be filed soon, but the mother will not be able to be taken to jail for two weeks.

A reporter was refused admittance to the house early today and Policewoman Welch, when asked about the condition of the mother, said, "I don't know a thing."

"The little tyke fought valiantly for life but he didn't have a chance. The side of his face was burned, his tongue and mouth were black," said Dr. Hauser.

Born Wednesday
The child was born last Wednesday at the home and the mother gave her infant son a teaspoonful of poison Friday night. The mother has been in bed at home ever since. Her husband, who married her four days before the baby's birth, said Saturday, he intends to divorce her.

The mother is said to have admitted that her husband was not the father of the expected child two weeks before their marriage, but he said he married her because "I loved her."

Unstrung by a succession of circumstances, the mother is reported to have killed the child because the husband refused to permit it to have his name. The mother is said to have admitted giving the poison.

When the landlady came home Friday she smelled disinfectant and at once suspected that the mother had poisoned the child. The baby was taken to the hospital at once.

The husband, a 24-year-old baker, said he and his wife had tentatively agreed to put the child in an orphanage. He said he has never spoken a cross word to his wife.

1 SLAIN IN GUN BATTLE ON BUS

Policeman Kills Man After He Threatens to Slay His Ex-Wife

(By The Associated Press)
Akron, Dec. 9.—Bullets from a police gun wrecked the plan of an ex-husband to kill his divorced wife and then take his own life, detectives said today.

Robert Henley, aged 32, private chauffeur, the ex-husband, was killed by Patrolman O. G. Weigle in a gun battle which threatened the lives of eight other passengers on a bus in the downtown section yesterday. The divorced wife, Ruth Esau, aged 22, theater cashier, was unharmed.

Six letters found in Henley's pockets, police said, revealed an outline of his plan, five were addressed and stamped, but unsealed. The sixth asked police to mail the others and apologized to "you busy cruiser-men."

"Thanks for your kindness to me," it said, "I was only trying to protect" (Continued on Page 6, Col. 2)

JEWISH DRIVE PASSES QUOTA

Workers Report 1,209 Pledges, Total Over \$30,000 Goal

FEDERATION WILL HAVE QUARTERS

Peretz to Have Charge of Office; Expect to Increase Pledges

Workers in the first annual financial campaign of the Youngstown Jewish Federation, at the victory dinner last evening in the Tod House, reported 1,209 pledges which passed the \$30,000 goal by "a substantial amount."

For more than a week more than 200 volunteer workers canvassed the Jewish community, day and night.

Every Jewish congregation and organization took part in the campaign. The newly formed Youngstown Jewish Federation, under the direction of Haym Peretz, will be a permanent institution in the Central Tower, Chairman O. J. Strouss reported.

With a number of prospects yet to be interviewed the committee said last night that the grand total would be substantially increased before the end of this week.

The advance gifts committee, headed by Harry Levinson, went well over its goal of \$20,000.

"Dream Come True"

Cars Derailed on N. Y. C., Freight Trains Delayed

Freight trains on both the New York Central and the Erie railroads were delayed by the derailment of 12 freight cars at the crossing at Lattimore, in Trumbull County, at 4:50 a. m. today.

Work of replacing the cars began immediately, but freights will be delayed the greater part of the day.

Officials are seeking to determine the cause of the wreck. No one was injured, and only slight damage was caused to the cars. The pile-up occurred on the New York Central low grade tracks.

"PROFITEERS" IN POLITICS HIT BY ROOSEVELT

Insists AAA Aids Urbanites as Well as Ruralites

HOLDS SOME RETAIL PRICES ARE TOO HIGH

Declares Rule of Tooth and Claw Must Never Be Returned

(By The Associated Press)
Chicago, Dec. 9.—President Roosevelt declared today that "political profiteers" are seeking to stir up city people in opposition to the New Deal farm program, which he defended at almost the same hour that it approached its crucial test in the Supreme Court.

The program aimed, he said, "to stop the rule of tooth and claw that threw farmers into bankruptcy, or turned them virtually into serfs."

As evidence that it is succeeding, he asserted that farm income "has increased nearly \$3,000,000,000 in the past two and a half years."

Endorsing the new Canadian trade treaty, he said: "Agriculture, far from being crucified by this agreement, as some have told you, actually gains from it."

While Mr. Roosevelt addressed the American Farm Bureau Federation, the Supreme Court at Washington

moved to open oral arguments today in the Hoosac Mills case, in which constitutionality of the whole AAA is challenged and defended.

Evidently striking at his opponents' contention that AAA is an unwarranted encroachment of federal power into the domain of the states is point at issue in the Hoosac case, the President said the 48 states, acting (Continued on Page 6, Col. 3)

S-T'S 4TH STACK MAY BE REBUILT

\$500,000 Job Would Put Furnace, Down 6 Years, Back in Commission

(By E. N. NEMENYI)
Plans are being prepared to put back into commission blast furnace "B" of Youngstown Sheet & Tube Co. at Campbell. An early start is expected on the work, estimated to cost upwards of a half million dollars.

A decision to repair this furnace, out of blast since 1929, probably will be made this week. The repairing of the furnace will make all four blast furnaces at Campbell available.

It is considered a good sign for the future, indicating that steel demand next year is expected to go higher than this year.

Steel output this morning was at about 62 per cent, with 82 of the 83 open hearth furnaces in the district on the active list. Sheet & Tube's Bessemer will resume late today or tomorrow, as iron from the "A" blast furnace, blown in Thursday afternoon, becomes available.

Sales executives report a well-sustained flow of orders, not only from the automobile industry but also miscellaneous sources. Due to the maintenance of strip, sheet and bar prices, the expected bulge in orders for this month is not now likely to materialize. This, however, will assure steady and rising operations into the new year.

Davies Expected To Refuse Post

A possible drastic shift in the proposed cabinet of Mayor-elect Lionel Evans loomed to day as it became apparent that William I. Davies, of the Mahoning National Bank, who had been offered the post of finance director, would not accept the position.

Davies has had the offer under consideration for several weeks. At least one appointee who was offered a post in the city administration said he turned it down because he was sure that Davies would not take over the financial department.
