We enclose herewith for your information full list of passengers who sailed for Jamaica on the S/S "Serpa Pinto" and for whom we have guaranteed maintenance for twelve months.

You will note that there is one Dutch family, BIERMANN, to whom the British Authorities upon special authorization from London granted a Jamaica visa, and for whom we also guaranteed maintenance. The passage for this family was paid for by the Dutch Government.

There is also the case of Heinz THEMAL who was also granted a visa though he is not a Pole but for whom we were not asked to guarantee maintenance.

The total number of passengers for Jamaica on this list is 160. There are still about ten Polish citizens here holding Jamaica visas, who for one reason or another could not sail on the S/S "Serpa Pinto". We are trying to arrange transportation at some future time.

It will interest you to know that the British Government has also granted Jamaica visas to about 12 Tchech citizens still in Portugal. For these, too, we are trying to arrange transportation at a later date.

The British Embassy has notified me that they are authorized by London to grant 17 additional visas to Jamaica to citizens of allied countries who are stranded in Portugal. All of these, of course, will come within the guarantee we gave which was for the maximum number of 200. As soon as these visas are distributed we shall try to arrange transportation.
